

LIVING LOCAL ECONOMIES

Supportive financial tools and instruments

A meeting for the future Åre Sweden – June 25-26, 2013

In the light of a shaky global economy, many are calling for re-localization. They are seeking new solutions to develop the local community in a globalized world. Which cases can we find at the Nordic arena? What instruments are available to support the work of local actors in the development of the local economy? What role can the public play to support these types of initiatives?

The meeting will help to disseminate and discuss existing and new solutions. The Living Local Economies conference is designed for stakeholder's at all different levels of the innovation system. The organisers are the Swedish University of Agricultural Sciences (SLU), the Swedish Ministry for Rural Affairs and the network Lokalekonomerna. It is a conference under the Swedish presidency of the Nordic Council of Ministers.

SOME OF OUR SPEAKERS

Magnus Kindbom, Secretary of State at the Swedish Ministry for Rural Affairs.

Anna Karlsdottir, Assistant Professor at the University of Iceland.

Steen Møller, founder of the self-sufficient eco-village Friland, Denmark
